CHAIRMAN'S MESSAGE

Dear Shareholders,

It is with immense pleasure and a deep sense of responsibility that, on behalf of the Board of Directors, I present to you the 26th Annual Report of SEPC Limited ("SEPC" or "the Company") for the year ended March 31, 2026. The year under review marks an important chapter in the journey of your Company. It was a year characterised by a meaningful improvement in operational performance, strong revenue growth, strengthening of the financial platform and renewed confidence in our capabilities and future prospects.

During FY 2025–26, your Company delivered a significant improvement in its consolidated financial performance. Revenue from operations increased to ₹1,054.50 crore from ₹597.65 crore, representing a growth of approximately 76.44%, while total income increased to ₹1,085.84 crore from ₹646.02 crore in the previous year. Consolidated Profit Before Tax increased to ₹62.17 crore from ₹35.18 crore, and Profit After Tax rose to ₹53.84 crore from ₹24.84 crore. This substantial improvement reflects higher project execution, improved operating performance and disciplined management of resources. More importantly, it demonstrates the resilience of SEPC's business model and the considerable progress made in strengthening the Company's operating and financial foundations.

A significant milestone during the year was the successful completion of the ₹350 crore Rights Issue of partly paid-up equity shares, which received an overwhelming response and was oversubscribed. The Rights Issue was successfully completed in June 2025, with the initial application money followed by the First and Final Call. The Company subsequently received substantial call money, resulting in the conversion of the partly paid-up shares into fully paid-up equity shares. This capital infusion has strengthened the Company's financial platform, supported working-capital requirements and enhanced its ability to pursue larger and more strategically important EPC opportunities. The successful fund-raising also reflects the continued confidence of our shareholders and stakeholders in SEPC's long-term potential.

Our order pipeline has also witnessed encouraging momentum, particularly in the industrial EPC segment. Notwithstanding certain project cancellations and contractual matters disclosed to the stock exchanges and dealt with through appropriate contractual and legal processes, the Company continues to maintain a substantial consolidated order book of approximately ₹10,000 crore, providing significant medium- to long-term revenue visibility. Among the important recent additions are major orders from Steel Authority of India Limited (SAIL) – IISCO Steel Plant, Burnpur, including the ₹673.32 crore Coke Oven and Sinter Plant Balance of Plant packages and the ₹854.57 crore Pellet Plant Balance-of-Plant package, including civil and structural works, for the 4.08 MTPA Crude Steel Expansion Project. These prestigious projects reinforce SEPC's capabilities in large-scale industrial EPC execution and strengthen our presence in the steel and metals value chain. The latter order was received in August 2026, subsequent to the close of the financial year.

While contractual and project-related challenges are an inherent part of the EPC industry, we remain firmly committed to protecting the interests of the Company through appropriate contractual, legal and arbitration mechanisms wherever required. At the same time, our priority remains unequivocal: to execute projects safely, efficiently and responsibly, strengthen customer relationships and create sustainable value for all stakeholders. We continue to sharpen our project-monitoring systems, improve execution discipline and focus on prudent working-capital management so that growth is supported by a stronger and more resilient operating foundation.

Looking beyond the immediate financial year, we have taken a significant strategic step towards expanding SEPC's international engineering capabilities. In July 2026, the Board approved the proposed acquisition of up to 90% equity stake in Avenir International Engineers and Consultants LLC, Abu Dhabi, through a non-cash share-swap transaction involving the preferential allotment of 153 crore equity shares of SEPC at ₹10 per share, aggregating to ₹1,530 crore. I am pleased to inform you that our shareholders subsequently approved the transaction through postal ballot in August 2026. Subject to completion of the requisite regulatory and other conditions, this strategic initiative is expected to

provide SEPC with an enhanced engineering and design platform in the Middle East and strengthen its ability to pursue opportunities in Oil & Gas, engineering consultancy and infrastructure sectors. Avenir, established in 2011, has an established presence in the UAE and qualifications with ADNOC, providing an important foundation for SEPC's international growth ambitions.

The proposed Avenir transaction is particularly significant because it enables SEPC to pursue international expansion without an immediate cash outflow, thereby preserving liquidity while broadening our engineering capabilities and geographical reach. We believe that the combination of SEPC's EPC execution capabilities with Avenir's engineering and design strengths can create meaningful opportunities for collaboration, cross-selling and participation in larger and more specialised projects in the Middle East and other international markets. The transaction is expected to be completed upon fulfilment of the applicable conditions and approvals.

In parallel, shareholders have approved an enhanced borrowing limit of ₹7,500 crore, providing greater financial flexibility to support the Company's expanding operations and future growth requirements. This enhanced financial capacity will be utilised prudently and in accordance with the Company's strategic priorities, with continued emphasis on financial discipline, project quality and sustainable returns.

As we look ahead, the opportunity landscape remains encouraging. India's continuing focus on infrastructure development, water and wastewater management, industrial capacity expansion, steel and metals, mining, urban infrastructure and energy transition creates a broad platform for SEPC. Our strategy will remain centred on selective growth, disciplined bidding, efficient execution, prudent working-capital management and strengthening our balance sheet, while leveraging our technical capabilities and established sectoral experience.

I am confident that the next phase of SEPC's journey will be defined not merely by the scale of growth, but by the quality, sustainability and resilience of that growth. We will continue to invest in our people, strengthen our systems, embrace technology and build capabilities that enable us to deliver increasingly complex projects for our customers. Our objective is to transform opportunities into enduring capabilities and capabilities into sustainable value creation.

I extend my sincere appreciation to our shareholders for their continued trust and confidence in SEPC. I also express my gratitude to our bankers, financial institutions, customers, business partners, vendors and other stakeholders for their continued support and cooperation. Above all, I wish to place on record my heartfelt appreciation for our employees, whose dedication, technical expertise, perseverance and commitment remain the cornerstone of our progress.

With renewed confidence, a stronger platform and a clear strategic direction, we look forward to building a more agile, competitive and globally connected SEPC. I am confident that, together, we shall continue to overcome challenges, seize emerging opportunities and create lasting value for our shareholders and all our stakeholders.

Warm regards,

Abdulla Mohammad Ibrahim Hassan Abdulla

14. The Attendance of the members through VC or OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
15. For the purpose of dispatch of this Notice, Shareholders of the Company holding shares either in physical form or in dematerialized form as on August 28, 2026 have been considered.

E-Voting:

Pursuant to Section 108 of the Companies Act, 2013 read along with Rule 20 of Companies (Management and Administration) Rules, 2014 read along with Regulation 44 of SEBI (Listing Obligations and Disclosure requirements) Regulations, 2015 and the aforesaid MCA Circulars, the Company shall provide the facility of remote e-Voting through electronic means to its members in respect of all items of business to be transacted at the Annual General Meeting of the Company.

To ensure compliance with the aforesaid Acts, Regulations and circulars, the company has appointed Central Depository Services Limited as the authorized e-voting agency facilitating the process of e-Voting.

The Board of Directors has appointed Alagar & Associates LLP as the Scrutinizer to scrutinize the e-Voting process via remote e-Voting and e-Voting at the 26th AGM in a fair and transparent manner and she/he has consented to act as scrutinizer.

THE INSTRUCTIONS TO SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- (i) The remote e-Voting period begins on **September 25, 2026 at 09:00 A.M.** and ends on **September 27, 2026 at 5.00 P.M.** During this period, Members holding shares either in physical form or in dematerialized form, as on the cut-off date i.e., September 21, 2026 may cast their vote electronically. The remote e-Voting module shall be disabled by CDSL for voting thereafter.
- (ii) After dispatch of the notice, any person who acquires shares of the Company and becomes member of the Company as on the cut-off date i.e. September 21, 2026 may obtain the login ID and password by sending an email to investor@cameoindia.com or tsr@sepc.in or helpdesk.evoting@cdslindia.com by mentioning their Folio No./DPID and Client ID No. However, if you are already registered with CDSL for remote e-voting, then you can use your existing user ID and password for casting your vote.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders'

Resolutions. However, it has been observed that the participation by the public non- institutional shareholders/retail shareholders is at a negligible level. There are also multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India which necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository participants.** Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating

seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09,2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting for **Individual shareholders holding securities in Demat mode CDSL / NSDL** is given below:

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013.

The following explanatory statement sets out all material facts relating to the special businesses mentioned in the accompanying notice and shall be taken as forming part of the Notice.

Item No. 3: Ratification of remuneration of Cost Auditor for the financial year ending March 31, 2026

In accordance with the provisions of Section 148 of the Companies Act, 2013 (the Act) and the Companies (Audit and Auditors) Rules, 2014 (the Rules), the Company is required to appoint a cost auditor to audit the cost records of Company.

On the recommendation of the Audit Committee, the Board at its meeting dated May 25, 2026 has appointed M/s. GSVK & Co., Cost Accountants, Firm Registration No. 002371, as Cost Auditors to conduct the audit of cost accounting records of the company for the financial year 2026-27 at a remuneration of Rs. 60,000/- (Rupees Sixty Thousand only) exclusive of taxes as may be applicable and payment of such out of pocket expenses as may be mutually agreed to be payable to the cost auditor.

As per the provisions of Section 148 of the Companies Act, 2013 and Companies (Audit & Auditors) Rules, 2014, the remuneration payable to the Cost Auditor as recommended by the Audit Committee and approved by the Board of Directors, has to be ratified by the members of the Company by way of an ordinary resolution.

M/s. GSVK & Co., Cost Accountants possess the requisite qualifications, experience and track record in conducting cost audits for companies of similar nature and scale. Accordingly, based on the above rationale, the Board of Directors recommends to the Members for the ratification of their remuneration for the financial year ending March 31, 2026, by the Members of the Company.

Memorandum of Interest

None of the Directors or the Key Managerial Personnel of the Company are concerned or interested either financially or otherwise in this Resolution as set out in item no.3 of this Notice.

In compliance with Regulation 17(11) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board recommends the passing of the resolution set forth in Item no. 3 of the Notice.

Item No. 4: To consider and approve the appointment of Ms. Vasuki K B K (DIN: 07452011) as an Independent Director of the Company

Justice K.B.K. Vasuki (Retd.) enrolled with the Bar Council of Tamil Nadu in 1979, gaining extensive legal experience as a junior to Senior Advocate Thiru R. Gandhi. Entering the judicial services in 1986, she served across Poonamallee, Chennai, Karur, Coimbatore, Salem, and Madurai. Her extensive career trial judiciary roles included serving as District Munsif, Sub-Judge, Additional District Judge, Labour Judge, Chief Judicial Magistrate, Family Court Judge, Principal District Judge (Namakkal, Nagapattinam, and Thiruvavur), Appellate Authority in the State Transport Appellate Tribunal, and Chief Judge of the Court of Small Causes & Registrar (Vigilance) in Chennai. She was elevated as a Judge of the Madras High Court in February 2010, rendering service until September 2015 and publishing over 100 landmark judgments.

Presently, she is a full-time commercial arbitrator (handling sole and three-member panels, including assignments with REPCO Bank) and a Legal Advisor to Star Health Allied Insurance. She serves as the Chairman of the Selection Committee for the Juvenile Justice Board and Child Welfare Committee (TN & Puducherry), and Chairman of the Police Complaints Authority (Puducherry). Her past administrative roles include serving as Ex-Chairman of the Appellate Authority for the Tamil Nadu Pollution Control Board, Advisor to the Local Advisory Committee of TDD (T. Nagar), and Ex-Member of the Advisory Committee under the Goondas Act. Additionally, she serves as an Independent Director on the board of Indus Finance Limited.

Considering her skills, expertise, competencies and rich experience in the legal, judicial, arbitration and administrative fields, the Nomination and Remuneration Committee (NRC) had recommended the appointment of Justice K.B.K. Vasuki (Retd.) as an Independent Director on the Board.

On the recommendation of the NRC, the Board of Directors at its meeting held on August 25, 2026, appointed Justice K.B.K. Vasuki (Retd.) as Additional Non-Executive, Independent Director in terms of Section 161(1) of the Companies Act, 2013 and the Articles of Association of the Company. The Board of Directors

also approved that the term of office of Justice K.B.K. Vasuki (Retd.) (DIN: 07452011) as an Independent Director shall be for a period of five consecutive years from August 25, 2026, subject to the approval of the Members of the Company.

The Board is of the considered opinion that, notwithstanding her attaining the age of seventy-five years during the tenure, her experience, leadership and institutional knowledge will be of significant value to the Company. Details of Justice K.B.K. Vasuki (Retd.) (DIN: 07452011) as required under Regulation 36(3) of SEBI Listing Regulations and the Secretarial Standards are provided as an annexure to the Notice. The Director shall be eligible for sitting fee as applicable to all the other Directors and shall not be eligible for any stock options.

Justice K.B.K. Vasuki (Retd.) (DIN: 07452011) has confirmed that she is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and has given her consent to act as a Director in terms of Section 152 of the Act, subject to her appointment by the Members. The Company has also received a declaration from her confirming that she meets the criteria of independence as prescribed under Section 149(6) of the Act and the SEBI Listing Regulations, 2015.

The Board is of the opinion that Justice K.B.K. Vasuki (Retd.) (DIN: 07452011) fulfils the conditions for appointment as an Independent Director as specified under the Act and the SEBI Listing Regulations. She is independent of the management and possesses appropriate skills, experience, knowledge and capabilities required for the role of an Independent Director.

Memorandum of Interest

None of the Directors or the Key Managerial Personnel of the Company are concerned or interested either financially or otherwise in this Resolution as set out in item no.4 of this Notice.

In compliance with Regulation 17(11) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board recommends the passing of the resolution set forth in Item no. 4 of the Notice.

BUSINESS HIGHLIGHTS

Your directors are pleased to report that the Company continued to strengthen its position in the Engineering,

Procurement and Construction (EPC) sector during FY 2025-26. The Company maintained its focus on execution of water and municipal infrastructure, roads, industrial and process plant projects, while pursuing opportunities in international markets and other specialized infrastructure segments. The Company also continued to focus on disciplined project selection, execution efficiency, working-capital management, strengthening of internal controls and prudent risk management.

BUSINESS RISK MANAGEMENT

Pursuant to the requirement of Regulation 21 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has constituted a Risk Management Committee. The details of Committee and its terms of reference are set out in the Corporate Governance Report forming part of the Board's Report.

The Company has a robust Business Risk Management (BRM) framework to identify, evaluate, treat and Report business risks. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. The business risk framework defines the risk management approach across the enterprise at various levels including documentation and reporting. The framework has different risk models which help in identifying risks trend, exposure and potential impact analysis at a Company level as well as business segments and its mitigation plans.

The business risks identified by the Company and its mitigation plans are as under:

Project Risks:

In the context of the projects being executed, the Company reviews the risks associated with a project in all the following aspects, but is not restricted to:

- Client related details such as financial closure of the project, credit worthiness and reputation of the client before even signing of the contract.
- Estimation risk like price and quantity variances, contingency provision, forex fluctuation on a periodic basis.
- Commercial risks like taxes and duties, payment terms, bank guarantee requirements

- Organizational risks like availability of technical and managerial resources, gap funding needs, consortium partner's roles and responsibilities.
- Performance risk like achievability of guaranteed parameters, time schedule, warranty and defect liability obligations.
- Interfacing risks like coordination with multiple agencies for approvals and clearance
- Geographic risks like unfavorable weather conditions, earthquake floods etc.

The above key risks are closely tracked for timely mitigation.

Competition Risks:

The Infrastructure Industry is intensely competitive. To mitigate this risk, the company is leveraging on its expertise and experience to increase market share, enhance brand equity / visibility and enlarge product portfolio and service offerings

Occupational Health & Safety (OHS) Risks:

Safety of employees and workers is of utmost importance to the company. To reinforce the safety culture in the company, it has identified occupational health & safety as one of its focus areas. Various training programs have been conducted at the sites such as behavior-based safety training program, visible safety leadership program, logistics safety program etc.

FOREIGN EXCHANGE AND COMMODITY PRICE RISKS

The businesses of the Company are exposed to fluctuations in foreign exchange rates and commodity prices. Additionally, it has exposures to foreign currency denominated financial assets and liabilities. The business-related financial risks, especially involving commodity prices, by and large, are managed contractually through price variation clauses, while the foreign exchange rate risks and residual commodity price risks are managed by treasury products. Financial risk management is governed by the Risk Management framework and policy approved by the Audit Committee and authorised by the Board. Financial risks in each business portfolio are measured and managed by corporate treasury. Despite currency weakness and elevated financial market volatility, the Company's robust financial risk management processes ensured financial costs remain under control.

EXPLANATIONS OR COMMENTS ON QUALIFICATIONS, RESERVATIONS OR ADVERSE REMARKS OR DISCLAIMER MADE BY THE STATUTORY AUDITORS AND THE SECRETARIAL AUDITORS IN THEIR REPORT

The explanations/comments made by the Board relating to qualifications, reservations or adverse remarks made by the Statutory Auditors and the Secretarial Auditor in their respective reports are furnished below:

STATUTORY AUDITORS' REMARKS

- i. The carrying value of Deferred Tax Asset (DTA) as on March 31, 2026, include an amount of Rs.28,187.76 Lakhs (March 31, 2025 Rs. 29,548.46

lakhs), which was recognized on carried forward business losses of Rs.80,665.52 Lakhs (March 31, 2025 Rs. 84,559.48 lakhs). Due to non-availability of sufficient appropriate audit evidence to corroborate management's assessment that sufficient taxable profits will be available in the future against which such carried forward business losses can be utilised as required by Ind AS 12: "Income taxes", we are unable to comment on adjustments, if any, that may be required to the carrying value of the aforesaid DTA as on March 31, 2026.

Refer Note 42 (B) of the Standalone Financial Statement.

- ii. Non-Current Contract Assets include overdue balances of Rs.9,037.98 lakhs as at March 31, 2026 (March 31, 2025 Rs.6,959.44 Lakhs), which are net of provisions of Rs. 1,036.37 lakhs as at March 31, 2026 (March 31, 2025: Rs.926.98 lakhs) and Non-Current Trade Receivables include overdue balances Rs 5,844.92 Lakhs as on March 31, 2026 (March 31, 2025 Rs. Rs 495.18 lakhs) [net of provisions amounting to Rs. 538.77 Lakhs (March 31, 2025: Rs.82.99 lakhs)], relating to dues on projects which have been stalled due to delays in obtaining approvals from the regulatory authorities and on account of disputes. Due to the non-availability of sufficient appropriate audit evidence to corroborate management's assessment of the recoverability of the said balances on these projects, we are unable to comment on the carrying value of these non- current Contract Assets and non-current Trade Receivables and the consequential impact if any, on the Statement of the Company for the year ended March 31, 2026.

Refer Note 8.1 and 11.1 of the Standalone Financial Statement

BOARDS RESPONSE TO THE QUALIFICATIONS OF STATUTORY AUDITORS

Management Response -1

The Company has business losses which are allowed to be carried forward and set off against available future taxable profits under the Income Tax Act, 1961, in respect of which the Company has created Deferred Tax Assets ("DTA"). The Company has recognized DTA on the carry forward unabsorbed business losses to the extent of Rs.80,665.52 lakhs (March 31, 2025: Rs.84,559.48 lakhs) out of the total carry forward

unabsorbed business losses of Rs.87,285.97 lakhs that was available as at March 31, 2026 (March 31, 2025- Rs.92,648.02 lakhs). The DTA amount recognized by the Company on these carry forward unabsorbed business losses amounts to Rs.28,187.76 lakhs as at March 31, 2026 (March 31, 2025- Rs. 29,548.46 lakhs). Considering the potential order book as on date, the current projects in the pipeline and a positive future outlook for the Company, the management of the Company is confident of generating sufficient taxable profits in the future and adjust them against these unabsorbed business losses, and accordingly, the DTA as on March 31, 2026, can be utilized before the expiry of the period for which this benefit is available.

Management Response -2

Non-Current Contract Assets include overdue balances of Rs. 9,037.98 lakhs as at March 31, 2026 (March 31, 2025 Rs.6,959.44 Lakhs), which are net of provisions of Rs. 1,036.37 lakhs as at March 31, 2026 (March 31, 2025: Rs.926.98 lakhs). Non-Current Trade Receivable include overdue balances of Rs 5,844.92 lakhs as at March 31, 2026 (March 31, 2025, Rs. 495.18 lakhs), which are net of provisions of Rs. 538.77 lakhs as at March 31, 2026 (March 31, 2025: Rs.82.99 lakhs). Both the above amounts pertain to projects which have been stalled due to delays in obtaining approvals from the regulatory authorities and on account of disputes. One of the customers in the said projects is undergoing liquidation process, in respect of which the Company is confident of recovering the dues based on the realisability of the assets available with the said customer. Further, considering the ongoing negotiations with the customers, the management of the Company is confident of recovering the dues in full.

For the Financial Year Ended March 31, 2026

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members,
SEPC LIMITED

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SEPC Limited** (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the Audit Period covering the Financial Year ended March 31, 2026 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended March 31, 2026 according to the provisions of:

1. The Companies Act, 2013 (the 'Act') and the Rules made thereunder, as amended from time to time including Secretarial Standards issued by Institute of Company Secretaries of India ('ICSI') as mandated by the Companies Act, 2013;
2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
4. Foreign Exchange Management Act, 1999 and the rules, regulations, notifications and circulars made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), as amended from time to time:
 - (i) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

Management Discussion and Analysis

Economic Overview

India's economy has demonstrated strong resilience, supported by robust domestic demand, improving investment activity, continued public capital expenditure and sustained policy focus on infrastructure development. According to the latest provisional estimates released by the Ministry of Statistics and Programme Implementation (MoSPI), India's real GDP grew by **7.8% in FY 2025–26**, compared with **6.5% in FY 2024–25**, reflecting the continued strength of the domestic economy. The Government's sustained emphasis on infrastructure creation, including roads, railways, urban infrastructure, water and sanitation, power and other public infrastructure, continues to support economic activity and investment.

While global economic uncertainties, geopolitical developments, commodity price volatility, trade-related risks and fluctuations in global financial conditions remain relevant, India's strong domestic demand, macroeconomic resilience and ongoing infrastructure investment provide a supportive foundation for sustained economic growth. The medium- to long-term outlook for infrastructure and allied sectors remains favourable, supported by the continuing need for investment in physical infrastructure and public utilities and the Government's focus on strengthening the country's infrastructure ecosystem.

Infrastructure Industry Outlook

The infrastructure sector continues to be a key driver of India's economic growth, supported by sustained public capital expenditure, urbanisation, industrialisation and the Government's focus on improving physical and social infrastructure. Government initiatives including the National Infrastructure Pipeline (NIP), National Monetisation Pipeline (NMP), Jal Jeevan Mission, Namami Gange Programme, National River Conservation Plan, Make in India and Production Linked Incentive (PLI) schemes continue to support investment, enhance connectivity, strengthen domestic manufacturing capabilities and encourage greater private-sector participation. The National Infrastructure Pipeline continues to be monitored and implemented across States and Ministries, while the Government's focus on infrastructure creation and

asset monetisation is expected to provide sustained opportunities for EPC and infrastructure companies. The Jal Jeevan Mission has also achieved significant progress, with approximately 15.84 crore rural households, representing 81.81% of rural households, having tap-water connections as of June 2026, creating continued opportunities in water supply, treatment and related infrastructure.

The mining and mineral sector remains strategically important for India's infrastructure and industrial development, providing critical raw materials for steel, cement, power, transportation and manufacturing. India has substantial reserves of iron ore, coal, bauxite, zinc, copper and other minerals, with continued emphasis on mineral exploration, auction of mineral blocks, increased domestic production and faster operationalisation of mineral resources. Iron ore continues to account for the largest share of the value of principal metallic mineral production, while the Government is also encouraging private exploration and more efficient utilisation of mineral resources. As easily accessible surface deposits progressively decline, technological advancement, mechanisation and greater adoption of underground and sustainable mining practices are expected to create additional long-term opportunities.

Business Overview

SEPC Limited ("SEPC" or "the Company") is an Engineering, Procurement, Construction and Commissioning (EPCC) solutions provider with integrated capabilities across infrastructure and industrial sectors. The Company focuses on delivering end-to-end EPC solutions, including engineering, procurement, project management, construction, commissioning and associated infrastructure development. SEPC has established execution experience in water and wastewater infrastructure, roads and transportation, mining, metals and industrial projects, with capabilities supported by experienced technical and project management teams. The Company continues to focus on strengthening execution capabilities, improving project delivery and pursuing opportunities in sectors aligned with India's infrastructure and industrial investment cycle.

Business Segments:

1. Infrastructure

- **Water & Sewerage:** The Company has over two decades of experience in water supply, drinking water, sewerage and wastewater infrastructure projects. Its capabilities cover water treatment and distribution networks, sewerage systems, pumping stations and associated civil and mechanical infrastructure, including trenchless and resin-based pipe rehabilitation solutions. The Company continues to pursue opportunities arising from government programmes focused on water supply, sanitation and urban infrastructure.
- **Roads:** SEPC has execution experience in road and transportation infrastructure, including projects undertaken for the Ministry of Road Transport and Highways (MoRTH). The Company continues to evaluate opportunities in road construction and related infrastructure through competitive bidding, strategic partnerships and joint ventures.

2. Industrial EPC

- **Process Plants:** The Company provides turnkey EPC solutions for industrial process facilities, with experience spanning cement plants, coal handling systems, coal gasification and feed-related plants. Its capabilities include engineering, procurement, construction, erection and commissioning of process and material handling systems.
- **Steel Plants:** SEPC has experience in the execution of facilities forming part of integrated steel plants, including sinter plants, coke plants, wire rod mills, compressors and material handling systems. The Company's capabilities are supported by technology and engineering collaborations, enabling it to undertake specialised industrial EPC assignments.
- **Mine Development:** The Company has specialised capabilities in mine development, including deep shaft sinking and associated underground infrastructure. Its experience covers projects involving minerals such as gold, copper, coal, chrome, manganese and uranium. With increasing emphasis

on domestic mineral production, mine development and mechanisation, the Company continues to assess opportunities in this segment.

- **Power Plants:** The Company has experience across conventional and renewable power projects, including thermal, wind, solar and biomass-based power facilities. Its capabilities cover EPC and associated balance-of-plant requirements, with a continued focus on opportunities arising from India's growing power demand and transition towards cleaner and more sustainable energy sources.

Market Size and Opportunities

India's EPC market continues to offer significant growth opportunities, supported by sustained public capital expenditure, industrial expansion, urbanisation and Government initiatives aimed at strengthening infrastructure and domestic manufacturing. The Union Budget 2026-27 provides for **₹12.22 lakh crore of capital expenditure**, equivalent to 3.1% of GDP, while effective capital expenditure is estimated at **₹17.15 lakh crore**, providing continued visibility for infrastructure and EPC opportunities. The allocation for roads and bridges is ₹2.76 lakh crore and for railways ₹2.78 lakh crore, reinforcing the Government's continued focus on transport infrastructure. In the water sector, the **Jal Jeevan Mission** continues to drive investments in rural drinking-water infrastructure, while urban water supply, wastewater treatment, sewerage, rehabilitation and reuse projects are expected to remain important areas of opportunity. The industrial EPC market is also supported by manufacturing investments, capacity expansion, import substitution and the Government's focus on strengthening domestic value chains.

SEPC is positioned to participate selectively in the following key and emerging opportunity areas:

- **Jal Jeevan Mission and Rural Water Supply** – Continued investment in rural drinking-water infrastructure, including multi-village water supply schemes, treatment facilities, transmission and distribution networks, pumping systems and associated operations and maintenance. The programme's focus is increasingly extending beyond household connections to source sustainability, grey-water management and long-term service delivery.

- **Urban Water and Wastewater Infrastructure** – Opportunities in urban water supply, sewerage, wastewater treatment, rehabilitation of ageing networks and water reuse, including projects supported by multilateral development institutions such as the ADB and other development-finance agencies.
- **Roads and Transportation Infrastructure** – Continued investment in national highways, state highways and related infrastructure, supported by the Government's sustained capital expenditure programme and increasing requirements for connectivity and logistics infrastructure. The Union Budget 2026–27 provides ₹2.76 lakh crore towards capital outlay on roads and bridges.
- **Steel and Metals** – Significant opportunities are expected from capacity expansion, modernisation, process improvement and environmental upgrades in the steel and metals sector. India's crude steel capacity stood at approximately **196.6 million tonnes in FY 2024–25**, while the National Steel Policy envisages capacity of **300 million tonnes by 2030–31**, providing a substantial long-term opportunity for industrial EPC companies.
- **Green Energy and Energy Transition** – Emerging opportunities in green hydrogen, green ammonia, green methanol, renewable energy and associated infrastructure. The National Green Hydrogen Mission targets production of at least **5 million metric tonnes of green hydrogen annually by 2030**, creating potential opportunities across production, storage, transportation and downstream applications, including green ammonia, refining and green steel.
- **Mining and Mine Development** – Opportunities are expected from increased domestic mineral production, mineral exploration, mine development and modernisation, including underground mining and associated infrastructure. Growing demand for critical minerals and greater emphasis on domestic resource security are expected to support investment in mining-related infrastructure.
- **Rural and Urban Infrastructure** – Opportunities across integrated rural and urban infrastructure, including sanitation, housing-related infrastructure, municipal services, agricultural infrastructure and other public-utility projects, supported by continuing Government expenditure

and the growing infrastructure requirements of a rapidly urbanising economy.

SWOT Analysis

Strengths:

- Strong technical proficiency and niche engineering expertise.
- Proven track record across water, process, metallurgy, mining and power sectors.
- Experienced management and established governance framework.

SWOT Analysis

Strengths

- **Established Technical and Engineering Capabilities:** Strong technical proficiency and specialised engineering expertise across infrastructure and industrial EPC projects, supported by experienced technical and project management teams.
- **Diversified Sectoral Experience:** Proven execution experience across water and wastewater, roads, process plants, steel and metallurgy, mining and power sectors, providing diversification across infrastructure and industrial segments.
- **Integrated EPC Capabilities:** End-to-end capabilities covering engineering, procurement, construction, erection and commissioning, enabling the Company to undertake complex and multidisciplinary projects.
- **Experienced Management and Governance:** Experienced management team with established systems and governance processes for project monitoring, execution and operational oversight.

Weaknesses

- **Project Execution and Working Capital Intensity:** EPC operations are inherently dependent on project execution schedules, availability of work fronts, timely approvals and certification, and efficient working-capital management.
- **Dependence on Timely Customer Payments:** Delays in certification, collections and release of project-related receivables can affect cash flows and overall project execution.
- **Financial Leverage and Funding Requirements:**

The Company's ability to execute large projects and pursue growth opportunities is dependent on maintaining adequate liquidity, access to working-capital facilities and timely financial support.

Opportunities

- **Government Infrastructure Spending:** Sustained public investment in water, wastewater, roads, urban infrastructure, railways and other public utilities provides a significant pipeline of opportunities for EPC companies.
- **Industrial and Private Capital Expenditure:** Capacity expansion and modernisation in steel, mining, manufacturing, process industries and other industrial sectors are expected to create opportunities for specialised industrial EPC services.
- **Water and Environmental Infrastructure:** Increasing focus on drinking-water supply, wastewater treatment, sewerage, water reuse and rehabilitation of ageing infrastructure provides long-term opportunities in the water and environmental sectors.
- **Energy Transition and Green Infrastructure:** Emerging opportunities in renewable energy, green hydrogen, green ammonia, energy-efficiency projects and related industrial infrastructure provide potential avenues for diversification.
- **International and GCC Opportunities:** The Company can leverage its existing presence, relationships and experience in the GCC region to selectively pursue opportunities in water, infrastructure, industrial and energy-related projects.

Threats

- **Project Execution and Cost Risks:** Delays in approvals, land availability, design changes, supply-chain disruptions, labour constraints and unforeseen site conditions may adversely affect project schedules and margins.
- **Working Capital and Counterparty Risks:** Delayed customer payments, extended receivable cycles and changes in payment terms may place pressure on liquidity and working capital.
- **Competitive Environment:** The EPC industry is highly competitive, with participation from large

domestic and international players, which can exert pressure on project pricing and margins.

- **Regulatory and Policy Risks:** Changes in Government policies, regulations, taxation, environmental requirements and contractual frameworks may affect project economics and execution.
- **Macroeconomic and Commodity Price Volatility:** Fluctuations in interest rates, foreign exchange rates and prices of key inputs such as steel, cement, fuel and other materials may affect project costs and profitability.

Internal Control Systems

The Company maintains an internal control framework designed to provide reasonable assurance regarding the reliability of financial reporting, operational effectiveness, safeguarding of assets and compliance with applicable laws and regulations. The internal audit function operates independently and reports to the Chairman of the Audit Committee. Periodic reviews of internal controls and operating processes are undertaken to identify gaps, strengthen controls and support effective risk management.

Financial Performance – FY 2025–26

On a consolidated basis, SEPC Limited delivered a significant improvement in financial performance during FY 2025–26. Revenue from operations increased to **₹1,054.50 crore**, compared with **₹597.65 crore** in FY 2024–25, representing a year-on-year growth of approximately **76.44%**. Total income increased to **₹1,085.84 crore**, compared with **₹646.02 crore** in the previous year. The increase in revenue reflects higher execution and recognition of revenue from projects across the Group's business segments.

Profit before tax (PBT) increased to **₹62.17 crore** in FY 2025–26 from **₹35.18 crore** in FY 2024–25. Profit after tax (PAT) increased to **₹53.84 crore**, compared with **₹24.84 crore** in the previous year, representing a growth of approximately **116.74%**. Total comprehensive income stood at **₹56.12 crore**, compared with **₹24.46 crore** in FY 2024–25. The improvement in profitability reflects higher operating revenue, improved project execution and better operating performance during the year. Earnings per share (EPS) increased to **₹0.30** from **₹0.16** in the previous year, in line with the improvement in profitability.

Key Ratios

The key financial ratios of the Company on a consolidated basis for FY 2025–26, along with the corresponding figures for FY 2024–25, are presented below. These ratios have been computed based on the audited consolidated financial statements and provide an indication of the Group's liquidity, capital structure, operational efficiency and profitability.

Particulars	FY 2025–26	FY 2024–25	Change / Comment
Current Ratio	2.55	2.91	Moderated from the previous year, while remaining at a comfortable level
Debt–Equity Ratio	0.18	0.27	Improved, indicating lower financial leverage
Net Profit Margin	5.08%	4.16%	Improved, reflecting stronger profitability
Return on Equity (ROE)	3.12%	1.65%	Improved significantly on account of higher profitability
Net Capital Turnover	0.86x	0.56x	Improved, reflecting better utilisation of net working capital

The overall movement in the key ratios indicates an improvement in the Company's profitability, financial leverage and working-capital efficiency during FY 2025–26. The moderation in the current ratio was accompanied by a stronger net capital turnover, reflecting increased revenue generation relative to the net working capital employed.

Note: Current Ratio = Current Assets / Current Liabilities; Debt–Equity Ratio = Total Debt / Equity; Net Profit Margin = Profit after Tax / Revenue from Operations; EBITDA Margin = Profit before Interest, Depreciation, Tax and Extraordinary Items / Revenue from Operations; PBT Margin = Profit before Tax / Revenue from Operations; ROE = Profit after Tax / Average Equity; Net Capital Turnover = Revenue from Operations / Average Net Working Capital. The ratios should be read in conjunction with the accompanying audited consolidated financial statements.

Human Resources

Human resources continue to be a critical enabler of SEPC's project execution capabilities and long-term growth. The Company remains focused on maintaining an appropriate mix of technical, engineering, project

management and functional expertise to support its Infrastructure and Industrial EPC businesses. Emphasis is placed on effective manpower deployment across projects and operating locations, employee engagement, capability development and succession planning, in line with the evolving requirements of the business.

Employee benefits expense on a consolidated basis stood at ₹28.99 crore during FY 2025–26, compared with ₹32.71 crore in FY 2024–25. The reduction primarily reflects changes in manpower deployment and the overall employee cost structure during the year. As at March 31, 2026, SEPC had 212 employees, with engineers constituting more than 65% of the workforce, reflecting the Company's engineering-intensive business model. The Company continues to focus on technical and functional skill development, continuous learning and training, occupational health and safety, and a positive work environment. Employee relations remain cordial, with emphasis on employee engagement, retention and productivity. The Company believes that a skilled, committed and agile workforce will remain an important foundation for successful project execution and sustainable growth.

INDEPENDENT AUDITOR'S REPORT To the Members of SEPC Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of SEPC Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

- i. The carrying value of Deferred Tax Asset (DTA) as on March 31, 2026, include an amount of Rs.28,187.76 Lakhs (March 31, 2025 Rs. 29,548.46 lakhs), which was recognized on carried forward business losses of Rs.80,665.52 Lakhs (March 31, 2025 Rs. 84,559.48 lakhs). Due to non-availability of sufficient appropriate audit evidence to corroborate management's assessment that sufficient taxable profits will be available in the future against which such carried forward business losses can be utilised as required by Ind AS 12: "Income taxes", we are unable to comment on adjustments, if any, that may be required to the carrying value of the aforesaid DTA as on March 31, 2026. (Refer Note 42 (B) of the Standalone financial Statement).

- ii. Non-Current Contract Assets include overdue balances of Rs.9,037.98 lakhs as at March 31, 2026 (March 31, 2025 Rs.6,959.44 Lakhs), which are net of provisions of Rs. 1,036.37 lakhs as at March 31, 2026 (March 31, 2025: Rs.926.98 lakhs) and Non-Current Trade Receivables include overdue balances Rs 5,844.92 Lakhs as on March 31, 2026 (March 31, 2025 Rs. 495.18 lakhs) [net of provisions amounting to Rs. 538.77 Lakhs (March 31, 2025: Rs.82.99 lakhs)], relating to dues on projects which have been stalled due to delays in obtaining approvals from the regulatory authorities and on account of disputes. Due to the non-availability of sufficient appropriate audit evidence to corroborate management's assessment of the recoverability of the said balances on these projects, we are unable to comment on the carrying value of these non- current Contract Assets and non-current Trade Receivables and the consequential impact if any, on the Statement of the Company for the year ended March 31, 2026. (Refer Note 8.1 and 11.1 of the Standalone financial statement).

Our audit report on the standalone financial statements for the year ended March 31, 2025 were qualified in respect of the matters stated above.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in

our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Sr.No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
1	<u>Provision for Expected Credit Loss</u> Refer to Note no 8,10,11,12, 16,17,20,21 in the standalone financial statements Contract Assets are accounted based on the contractual terms and management's assessment of recoverability from customers. The recoverability of the same is mainly based on certification of the work done as certified by the engineer/expert of the customers as per the specific requirements of the contracts. Expected credit losses are measured based on the present value of cash shortfalls over the remaining expected lives of the trade receivables and contract assets. The Company estimates and recognises allowance for expected credit losses on these trade receivables and contract assets which involves consideration of ageing status, historical payment records, the likelihood of collection based on the terms of the contract and the credit information of its customers. We have identified provisioning for expected credit loss as a key audit matter as the calculation of expected credit loss is a complex area and requires management to make significant assumptions and estimations on customer payment trends and behaviour in order to determine the amounts and timing of expected future cash flows.	Our audit procedures in respect of this area included: 1. Obtained an understanding of the Company's process relating to allowance for credit loss and assessed the management's estimate and related policies used in the credit loss analysis. 2. Verified design, implementation and operating effectiveness of controls over development of the methodology for the computation of provision for expected credit losses including completeness and accuracy of information used in such estimation and computation. 3. Examined, on a test check basis, the objective evidence relating to the impairment of trade receivables and Contract Assets and the key assumptions used in the determination of expected credit loss. 4. Reviewed the appropriateness of management's ageing analysis based on days past due by examining the original documents (such as invoices and bank deposit advice) on test check basis. 5. Evaluated the competence, capabilities and objectivity of management's expert engaged for the determination of provision for expected credit loss, obtained an understanding of the work of the expert, and evaluated the appropriateness of the expert's work as audit evidence. 6. Assessed whether the adequacy and appropriateness of the disclosures in the financial statements with respect to expected credit losses in accordance with the requirements of applicable Indian Accounting Standards.
2	<u>Revenue Recognition</u> Refer to Note no 34 in the standalone financial statements The Company's revenue primarily arises from construction contracts which, by its nature, is complex given the significant judgements involved in the assessment of identification and satisfaction of performance obligations.	Our audit procedures to address this key audit matter included, but were not limited to the following: 1. Obtained an understanding of the Company's revenue recognition processes and evaluated the appropriateness of the Company's accounting policy for revenue recognition in accordance with Ind AS 115 – Revenue from contracts with customers. 2. Tested the design, implementation and operating effectiveness of key internal financial controls, including those related to estimation of construction contract costs, contract revenue and review and approval thereof. 3. For selected sample of contracts with customers, performed the following procedures:

Sr.No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
	The Company recognizes contract revenue on the basis of stage of completion determined based on the proportion of contract costs incurred till balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of contract revenue and the resultant profit/ loss therefore rely on estimates in relation to forecasted revenue and contract costs. These contract estimates are reviewed by the management on a periodic basis. In doing so, the management is required to exercise significant judgement in its assessment of the transaction price which may also include variable consideration pertaining to additional claims raised by the Company. The management is also required to exercise judgement to assess the completeness and accuracy of forecasted costs to complete. Changes in these estimates as contracts progress can result in material adjustments to revenue and margins. Considering high estimation uncertainty, complexities involved and material impact on the financial statement, this area has been considered a key audit matter in the current year audit.	a) Tested the calculation of percentage of completion as per input method adopted by the Management including the testing of costs incurred and recorded against the contracts. b) Evaluated the reasonableness of key assumptions included in the estimated total construction contract costs by performing retrospective review of Management's forecasting process by reviewing past trends of estimated costs to actual costs over time, discussed variances with project teams. 4. Assessed whether the adequacy of presentation and related disclosures in the standalone financial statements are in line with the Indian accounting standards and Schedule III.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Director's report along with annexures, along with annexures but does not include the standalone financial statements and our auditor's report thereon.

The Management report, Director's report along with annexures is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Management report, Director's report along with annexures, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with

governance under SA 720 'The Auditor's responsibilities Relating to Other Information.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and

are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors of the Company are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

Other Matter:

The standalone financial statements include the financial statements/information of 4 joint operations which are not subject to audit whose financial statements/ information reflect total revenue of Rs. 60.46 lakhs, total net loss after tax of Rs. (137.34) lakhs and total comprehensive loss of (137.34) lakhs for the year ended March 31, 2026 as considered in the standalone financial statements. These financial statements/ information have been furnished to us by the Management and our opinion on the standalone financial statements in so far as it relates to the amounts and disclosures included in respect of these joint operations is based solely on such management prepared unaudited financial statements/ information. According to the information and explanations given

to us by the Management, the financial statements/ information of these joint operations are not material to the Company.

Our opinion on the standalone financial statements is not modified with respect to the above matter in so far as our reliance on the financial statements/ information certified by the management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and except for the possible effects of the matters described in the Basis for Qualified Opinion section above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid standalone financial statements.
 - (b) Except for the possible effects of the matter described in the Basis of Qualified Opinion section above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that back-up of the books of account and other books and papers maintained in electronic mode has not been kept in servers physically located in India on a daily basis since such backups are not taken on Sundays and, except for the matters stated in the paragraph 2(i) (vi) below on reporting under rule 11(g).
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the standalone financial statements.

- (d) Except for the possible effects of the matters described in Basis for Qualified Opinion section above, in our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) The matters described in Basis of Qualified Opinion section of our report, in our opinion, may have an adverse effect on the functioning of the Company.
 - (f) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in Basis for Qualified Opinion section and paragraph 2(b) above and paragraph 2(i)(vi) below on reporting under Rule 11(g).
 - (h) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure C".
 - (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 57 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2026.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 65 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 65 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- (v) The Company has neither declared nor paid any dividend during the year.
- (vi) Based on our examination which included test checks, the Company has used an

accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level in respect of the accounting software to log any direct data changes.

Further, where enabled, audit trail feature has been operated for all relevant transactions recorded in the accounting software. Also, during the course of our audit, we did not come across any instance of audit trail feature being tampered with in respect of such accounting software. Additionally, the audit trail of prior years has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in respective years.

3. In our opinion, according to information, explanations given to us, the remuneration paid or provided by the Company to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SEPC LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SEPC LIMITED FOR THE YEAR ENDED MARCH 31, 2026

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

- i. (a) A The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment, investment property and relevant details of right-of-use assets.
- i. (a) B The Company has maintained proper records showing full particulars of intangible assets.
- i. (b) Property, Plant and Equipment and right of use assets were physically verified by the management according to a phased programme designed to cover all items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of Property, plant and equipment and right of use assets have been physically verified by Management during the year. No material discrepancies were noticed on such verification.
- i. (c) According to the information and explanations given to us, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the standalone financial statements are held in the name of the Company. The title deeds of immovable properties aggregating to Rs. 241.50 lakhs as at March 31, 2026, are pledged with the banks and are not available with the Company. The same has been independently confirmed by the bank to us and verified by us.
- i. (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) and intangible assets during the year. Accordingly, the provisions stated under clause 3(i)(d) of the Order are not applicable to the Company.
- i. (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated under clause 3(i)(e) of the Order are not applicable to the Company.
- ii. (a) The Company is involved in the business of rendering design, engineering, procurement, construction and project management services. Accordingly, the provisions stated under clause 3(ii)(a) of the Order are not applicable to the Company.
- ii. (b) During any point of time of the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores rupees, in aggregate from Banks and financial institutions, on the basis of security of current assets. ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SEPC LIMITED

[Referred to in paragraph 2(h) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the Members of SEPC Limited on the Standalone Financial Statements for the year ended March 31, 2026]

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Qualified Opinion

We have audited the internal financial controls with reference to standalone financial statements of SEPC Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, and to the best of our information and according to the explanations given to us, except for the possible effects of the material weaknesses described in the Basis for Qualified Opinion section below on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

We have considered the material weaknesses identified and reported below in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company for the year ended March 31, 2026, and the material weaknesses have affected our opinion on the standalone financial statements of the Company and we have issued a qualified opinion on the standalone financial statement.

Basis for Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2026:

- a) Provisioning of expected credit loss against the non-current contract assets and non-current trade receivables which are outstanding for a substantial period of time, and which could potentially result in the Company not recognizing a provision against the said assets.
- b) Assessment of future taxable profits which could result in recognition of excess deferred tax asset which the Company may not be able to utilize for set-off against sufficient future taxable profits.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Management's and Board of Director's Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to

standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of

records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

2 Material accounting policies

Material accounting policies adopted by the company are as under:

2.1 Basis of Preparation of Financial Statements

The financial statements have been prepared using material accounting policies and measurement basis summarised below. These were used throughout all periods presented in the financial statements

(a) Statement of Compliance with Ind AS

The Company's financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards). Rules, 2015 and amendments thereof issued by Ministry of Corporate Affairs in exercise of the powers conferred by section 133 of the Companies Act, 2013. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment. These financial statements have been approved for issue by the Board of Directors at its meeting held on May 25, 2026.

(b) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except certain financial assets and liabilities measured at fair value (Refer Accounting Policy No. 2.9 on financial instruments).

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. The normal operating cycle of the entity for Construction contracts is the duration of 2 to 3 years depending on each contract.

(c) Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees in Lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimal places.

(d) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates include useful lives of property, plant and equipment & intangible assets, allowance for expected credit loss, future obligations in respect of retirement benefit plans, expected cost of completion of contracts, fair value measurement, etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known. Refer Note 3 for detailed discussion on estimates and judgments.

(e) Interests in Joint Operations

When the Company has joint control of the arrangement based on contractually determined right to the assets and obligations for liabilities, it recognises such interests as joint operations. Joint control exists when the decisions about the relevant activities require unanimous consent of the parties sharing the control. In respect of its interests in joint operations, the Company recognises its share in assets, liabilities, income and expenses line-by-line in the standalone financial statements of the entity which is party to such joint arrangement which then becomes part of the consolidated financial statements of the Group when the financial statements of the Holding Company and its subsidiaries are combined for consolidation.

2.2 Fair value measurement

The Company maintains accounts on accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair value in accordance with Ind AS . The carrying value of all the items of property, plant and equipment as on date of transition is considered as the deemed cost.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

use of unobservable inputs. The Company's management determines the policies and procedures for fair value measurement.

Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date;
- Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the valuation of assets/liabilities

2.3 Revenue Recognition

A. The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised good or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Transaction price is the amount of consideration to which the Company

expects to be entitled in exchange for transferring good or service to a customer excluding amounts collected on behalf of a third party. Variable consideration is estimated using the expected value method or most likely amount as appropriate in a given circumstance. Payment terms agreed with a customer are as per business practice and there is no financing component involved in the transaction price. Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in Statement of Profit and Loss immediately in the period in which such costs are incurred. Incremental costs of obtaining a contract, if any, and costs incurred to fulfil a contract are amortised over the period of execution of the contract in proportion to the progress measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Significant judgments are used in:

1. Determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.
 2. Determining the expected losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date."
- B. Revenue from construction contracts/ project related activity and contracts for supply/commissioning of complex plant and equipment is recognised as follows:

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

Fixed price contracts: Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable the such cost will be recoverable . When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to date , to the total estimated contracts cost.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- (i) The amount of revenue can be measured reliably;
- (ii) It is probable that the economic benefits associated with the contract will flow to the company;
- (iii) The stage of completion of the contract at the end of the reporting period can be measured reliably; and
- (iv) The costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the customer are disclosed

in the Balance sheet as trade receivables. The amount of retention money due from customers within the next twelve months are classified under other current assets as Trade Receivable.

Revenue from contracts from rendering engineering design services and other services which are directly related to construction of an asset is recognised on the same basis as stated in (B) above.

Other Income

Interest Income is recognised on a basis of effective interest method as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

Dividend income is accounted in the period in which the right to receive the same is established.

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

2.4 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(a) Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

The company has not opted to exercise the option under section 115BAA of the income

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

tax 1961, as introduced by the taxation laws (Amendment) ordinance, 2019 and decided to continue with the existing rate of tax for the purpose of deferred tax computation.

(b) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.5 Exceptional items

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the company is treated as an exceptional item and the same is disclosed in the notes to accounts.

2.6 Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash in flows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

2.7 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date. Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognised and measured as a provision.

2.8 Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) estimated amount of contracts remaining to be executed on capital account and not provided for;

- b) uncalled liability on shares and other investments partly paid;
- c) funding related commitment to subsidiary, associate and joint venture companies; and
- d) other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

2.9 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

The company has currently exercised the irrevocable option to present in Other comprehensive Income, subsequent changes in the Fair value of Equity Instruments. Such an election has been made on instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

(iii) Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost and FVOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk

since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet, ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

(iv) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized."

(b) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the

liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

(c) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

3 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

4 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Taxes

The extent to which deferred tax assets can be recognized is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carryforwards can be utilized. In addition, significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(b) Construction Contracts

Recognizing construction contract revenue requires significant judgement in determining actual work performed and the estimated costs to complete the work, provision for rectification costs, variation claims etc"

- (c) In assessing the recoverability of the trade receivables and contracts assets, management's judgement involves consideration of ageing status, evaluation of litigations and the likelihood of collection based on the terms of the contract

5 Standards (including amendments) issued but not yet effective

Recent Indian Accounting Standards (Ind AS)

The Ministry of corporate Affairs ("MCA") notified amendments on 7 May 2025 and 13 August

2025 under the Companies (Indian Accounting Standards) Amendment Rules, 2025 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which is effective from annual reporting periods beginning on or after 1 April 2025.

(a) Amendment to Ind AS 7 and Ind AS 107 - Supplier Finance Arrangement:

The amendments to Ind AS 7 'Statement of Cash Flows' and Ind AS 107 'Financial Instruments: Disclosures' clarify the characteristics of supplier finance arrangements and require additional disclosures for such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The Company does not have any supplier finance arrangements during the reporting period."

(b) Amendment to Ind AS 1 - Classification of liabilities as current or non-current and non-current liabilities with covenants:

The amendment specifies the requirements for classifying liabilities as current or non-current in the balance sheet, and clarifies the following:

- An entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period. The classification of a liability as current or non-current is unaffected by the likelihood that the entity will exercise its right to defer settlement.
- If an entity's right to defer settlement of a liability is subject to covenants, such covenants affect whether that right exists at the end of the reporting period only if the entity is required to comply with the covenant on or before the end of the reporting period.

Notes forming part of the Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

- c) In case of a liability that can be settled, at the option of the counterparty, by the transfer of the entity's own equity instruments, such settlement terms do not affect the classification of the liability as current or non-current only if the option is classified as an equity instrument.

These amendments have no effect on the measurement of any items in the standalone financial statements of the Company. The Company did not make retrospective adjustments as a result of adopting the amendments to Ind AS 1"

c) **Amendment to Ind AS 12 – Pillar-Two Tax Reforms:**

The Company is not within the scope of the OECD Pillar Two Model Rules, as Pillar Two legislation has not yet been enacted in any of the jurisdiction in which the Company operates.

d) **Amendment to Ind AS 21-Lack of exchangeability**

The Amendments introduces requirement to assess when a currency is exchangeable into another currency and when it is not. The amendment requires an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency. These amendments had no effect on the standalone financial statements of the Company.

The below amendments are notified but not yet effective

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants:

The amendment includes specific provisions that will take effect for reporting periods beginning on or after 1 April 2026, retrospectively, as outlined below:

- a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach.
- b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment.
- c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements.

The Company does not expect this amendment to have an impact on its operations of standalone financial statements.

Risks associated with plan provisions

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such Company is exposed to various risks as follows:

Investment Risk	The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.
Interest risk	The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.
Salary Escalation Risk	The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Demographic Risk	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Group is exposed to the risk of actual experience turning out to be worse compared to the assumption.

In respect of the plan in India, the most recent actuarial valuation of the present value of the defined benefit obligation were carried out as at March 31, 2025 by Ms.V Subbulakshmi, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

No other post-retirement benefits are provided to these employees.

52 Financial risk management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings and financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's outstanding debt in local currency is on fixed rate basis and hence not subject to interest rate risk.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a different currency from the Company's functional currency).

Notes forming part of the Financial Statements for the year ended March 31, 2026

Foreign currency sensitivity analysis:

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's import payments and cost of borrowings.

The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents Management's assessment of the reasonably possible change in foreign exchange rates.

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments. The following table details the Company's sensitivity movement in the increase / decrease in foreign currencies exposures (net):

(B) Credit risk

The credit risk to the company arises from two sources:

a) Customers, who default on their contractual obligations, thus resulting in financial loss to the Company

Company evaluates the credentials of a customer at a very early stage of the bid. Company has adopted a policy of 3 tier verification before participating for any bid. The first step of such verification includes verification of customer credentials. The company, as part of verification of the customer credentials, ensures the compliance with the following criterion

- (i) Customer's financial health by examining the audited financial statements
- (ii) Whether the Customer has achieved the financial closure for the work for which the company is bidding
- (iii) Where the customer is Public Sector Undertaking, sanction and availability of adequate financial resources for the proposed work.

Company makes provision on it's financial assets, on every reporting period, as per Expected Credit Loss Method. The provision is made separately for each financial assets of each business line. The percentage at which the provision is made, is determined on the basis of historical experience of such provisions, modified to the current and prospective business and customer profile.

Trade receivables consist of large number of customers, spread across diverse industries and geographical areas. Majority of the customers of the company comprise of Public Sector Undertakings, with whom the company does not perceive any credit risk. As regards the customers from private sector, company carries out financial evaluation on regular basis and provides for any amount perceived as non realisable, in the books of accounts."

b) Non certification by the customers, either in part or in full, the works billed as per the contract, being non claimable cost as per the terms of the contract with the customer

Non certification of works billed The Company has contract claims from customers including costs on account of account of delays / changes in scope / design by them etc. which are at various stages of discussions / negotiations or under arbitrations. The realisability of these claims are estimated based on contractual terms, historical experience with similar claims as well as legal opinion obtained from internal and external experts, wherever necessary. Changes in facts of the case or the legal framework may impact realisability of these claims

The Company provides for doubtful receivables/advances and expected credit loss based on 12 months and lifetime expected credit loss basis for following financial assets:

(C) Liquidity risk

Company being an EPC contractor, has a constant liquidity pressures to meet the project requirements. These requirements are met by a balanced mix of borrowings and project cash flows. Cash flow forecast is made for all projects on monthly basis and the same are tracked for actual performance on daily basis. Shortfall in cash flows are matched through short term borrowings and other strategic financing means. The daily project requirements are met by allocating the daily aggregated cash flows among the projects. Company has established practice of prioritising the site level payments and regulatory payments above other requirements.

The table below summarizes the maturity profile of the Company's financial liabilities:

59 There are no transactions with vendors under the Micro, Small and Medium Enterprises Development Act, 2006, this has been determined on the basis of information available with the Company.

60 The Company, SEPC Limited ("the Company"), along with Twarit Consultancy Services Private Limited ("TCPL"), were the Respondents in an international arbitration proceeding initiated before the Singapore International Arbitration Centre (SIAC) by GPE (India) Limited, GPE JV1 Limited, and Gaja Trustee Company Private Limited (collectively referred to as "the Claimants"). The dispute arose in connection with the investments made by the Claimants in an associate company of SEPC.

Pursuant to the SIAC Award dated January 7, 2021, damages amounting to Rs.19,854.10 lakhs and SGD 372,754.79 towards arbitration expenses were awarded against the Respondents, along with simple interest at 7.25% per annum from July 21, 2017, until the date of payment. The Respondents' appeal before the High Court of the Republic of Singapore challenging the SIAC Award was dismissed, and the award was upheld in favour of the Claimants. Subsequently, upon a Recognition and Enforcement Petition filed by the Claimants, the Madras High Court recognised the foreign award, subject to obtaining prior approval from the Reserve Bank of India (RBI). Aggrieved by this order, the Claimants approached the Hon'ble Supreme Court of India seeking further directions. The Hon'ble Supreme Court, vide its order, directed the Respondents to pay a sum of Rs.12,500 lakhs along with interest at 7.25% per annum from January 7, 2021, until the date of payment. In accordance with the Inter-se Arrangement dated September 29, 2015, executed between SEPC, TCPL, and Shri Housing Private Limited, which provides for full indemnification of any liability arising out of suits, proceedings, disputes, or damages payable by SEPC, TCPL remitted the entire amount, including interest, aggregating to ₹16,450 lakhs. The Hon'ble Supreme Court, vide its order dated August 26, 2025 has disposed off the petition and concluded that there is no impediment in law insofar as enforcement of the SIAC Award is concerned and that the execution petition in Madras High Court shall be proceeded with.

Meanwhile, the lenders of the Company have filed an Impleading Petition before the Madras High Court seeking to be added as additional respondents, citing their prior charge over the assets of the Company. Further, Madras High Court vide their order dated February 19, 2026, passed an order of interim attachment of trade receivables to the tune of Rs. 15,463.23 lakhs (being the balance amount payable to claimants as per the Court Order). TCPL along with SEPC has filed separate petition in the Madras High Court where TCPL has committed to pay Rs. 250 Lakhs as initial amount and Rs. 750 Lakhs per quarter through an affidavit. The initial payment of Rs. 250 Lakhs has been paid on May 13, 2026, and the quarterly payments will commence from July 2026. Based on the affidavit filed by TCPL and their commitments to make the payments to Claimants through Madras High Court, the Company is of the view that no liability will arise out of this case.

Further based on the above affidavit the Hon'ble High Court in the hearing dated April 30, 2026 has given partial relief from attachment of trade receivables as follows:

The consortium of banks is permitted to appropriate a maximum sum of Rs.1,569 Lakhs (Rs.1,369 Lakhs towards bank dues and Rs. 200 Lakhs towards salary payments) from and out of amounts received in the Trust and Retention Account. The matter is currently listed for hearing on June 23, 2026. The Company is hopeful of removing this attachment. The management is confident that no financial or legal liability will devolve upon the Company, as the same is fully indemnified under the said Inter-se Arrangement.

61 Mokul Shriram EPC JV (JV Company) where SEPC Limited is a JV partner, has won the complaint against Export Credit Guarantee Corporation of India Limited (ECGC) before the National Consumer Disputes Redressal Commission, (NCDRC) New Delhi, in connection with the project executed in Basra, Iraq. NCDRC, vide their order dated January 27, 2021, allowed the claims and directed ECGC to pay a sum of Rs. 26,501 lakhs along with simple interest @ 10% pa. with effect from September 19, 2016 till the date of realisation to the JV Company within a period of three months from the date of order, failing which ECGC will be liable to pay compensation

(Amount in ₹ lakhs, unless otherwise stated)

in the form of simple interest @ 12% pa. ECGC had filed an appeal against the order of NCDRC New Delhi, before Supreme Court, and the case is pending for disposal.

62 The Company has made net profit during the year ended March 31, 2026 amounting to Rs 2,097.05 lakhs and as of that date has accumulated losses aggregating Rs. 2,08770.52 Lakhs. Considering the positive developments of implementation of resolution plan approved in the previous year, completion of Rights issue, additional funding by Investor for working capital together with plans to meet financial obligations in future out of the cash flows from execution of the pipeline of orders in hand, business plans, sanctioned non-fund based facilities etc, these financial statements are prepared on a going concern basis.

63 On November 21, 2025, the Government of India has consolidated 29 existing labour legislations into a united framework comprising four Labour codes viz Code on wages 2019, Code on Social Security 2020, Industrial Relation Code 2020 and Occupational Safety, Health and Working Condition Code 2020 (collectively referred to as the New Labour Codes). The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations.

The Company is already in compliance with the basic wages criteria as prescribed under New Labour Codes for own employees and there is no material impact on the company. The Company is in the process of evaluating the possible impacts for contract workforce. However, the management is of the view that impact, if any, is unlikely to be material.

Once the Central/State Rules are notified by the Government on all aspects of the New Labour Codes, the Company will evaluate impact, if any, on the measurement of the employee benefits and would provide appropriate accounting effect on the basis of such development as needed.

64 Relationship with Struck off Companies under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956,

The Company does not have transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956, during the year.

INDEPENDENT AUDITOR'S REPORT

To the Members of SEPC Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of SEPC Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in Basis for Qualified Opinion section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2026, of consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

- i. The carrying value of Deferred Tax Asset (DTA) as on March 31, 2026, include an amount of Rs.28,187.76 Lakhs (March 31, 2025 Rs. 29,548.46 lakhs), which was recognized on carried forward business losses of Rs.80,665.52 Lakhs (March 31, 2025 Rs. 84,559.48 lakhs). Due to non-availability of sufficient appropriate audit evidence to corroborate management's assessment that sufficient taxable profits will be available in the future against which

such carried forward business losses can be utilised as required by Ind AS 12: "Income taxes", we are unable to comment on adjustments, if any, that may be required to the carrying value of the aforesaid DTA as on March 31, 2026. (Refer Note 42 (B) of the Consolidated financial Statement).

- ii. Non-Current Contract Assets include overdue balances of Rs.9,037.98 lakhs as at March 31, 2026 (March 31, 2025 Rs.6,959.44 Lakhs), which are net of provisions of Rs. 1,036.37 lakhs as at March 31, 2026 (March 31, 2025: Rs.926.98 lakhs) and Non-Current Trade Receivables include overdue balances Rs 5,844.92 Lakhs as on March 31, 2026 (March 31, 2025 Rs. 495.18 lakhs) [net of provisions amounting to Rs. 538.77 Lakhs (March 31, 2025: Rs.82.99 lakhs)], relating to dues on projects which have been stalled due to delays in obtaining approvals from the regulatory authorities and on account of disputes. Due to the non-availability of sufficient appropriate audit evidence to corroborate management's assessment of the recoverability of the said balances on these projects, we are unable to comment on the carrying value of these non- current Contract Assets and non-current Trade Receivables and the consequential impact if any, on the Statement of the Company for the year ended March 31, 2026. (Refer Note 8.1 and 11.1 of the Consolidated financial statement).

Our audit report on the consolidated financial statements for the year ended March 31, 2025 were qualified in respect of the matters stated above.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by Institute of Chartered Accountant of India, and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter(s) described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report:

Sr.No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
1	<u>Provision for Expected Credit Loss</u> Refer to Note no 8,10,11,12,16, 17,20,21 in the consolidated financial statements Contract Assets are accounted based on the contractual terms and management's assessment of recoverability from customers. The recoverability of the same is mainly based on certification of the work done as certified by the engineer/expert of the customers as per the specific requirements of the contracts. Expected credit losses are measured based on the present value of cash shortfalls over the remaining expected lives of the trade receivables and contract assets. The Company estimates and recognises allowance for expected credit losses on these trade receivables and contract assets which involves consideration of ageing status, historical payment records, the likelihood of collection based on the terms of the contract and the credit information of its customers. We have identified provisioning for expected credit loss as a key audit matter as the calculation of expected credit loss is a complex area and requires management to make significant assumptions and estimations on customer payment trends and behaviour in order to determine the amounts and timing of expected future cash flows.	Our audit procedures in respect of this area included: 1. Obtained an understanding of the Company's process relating to allowance for credit loss and assessed the management's estimate and related policies used in the credit loss analysis. 2. Verified design, implementation and operating effectiveness of controls over development of the methodology for the computation of provision for expected credit losses including completeness and accuracy of information used in such estimation and computation. 3. Examined, on a test check basis, the objective evidence relating to the impairment of trade receivables and Contract Assets and the key assumptions used in the determination of expected credit loss. 4. Reviewed the appropriateness of management's ageing analysis based on days past due by examining the original documents (such as invoices and bank deposit advice) on test check basis. 5. Evaluated the competence, capabilities and objectivity of management's expert engaged for the determination of provision for expected credit loss, obtained an understanding of the work of the expert, and evaluated the appropriateness of the expert's work as audit evidence. 6. Assessed whether the adequacy and appropriateness of the disclosures in the financial statements with respect to expected credit losses in accordance with the requirements of applicable Indian Accounting Standards.

Sr.No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
2	<u>Revenue Recognition</u> Refer to Note no 34 in the consolidated financial statements, The Company's revenue primarily arises from construction contracts which, by its nature, is complex given the significant judgements involved in the assessment of identification and satisfaction of performance obligations. The Company recognizes contract revenue on the basis of stage of completion determined based on the proportion of contract costs incurred till balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of contract revenue and the resultant profit/ loss therefore rely on estimates in relation to forecasted revenue and contract costs. These contract estimates are reviewed by the management on a periodic basis. In doing so, the management is required to exercise significant judgement in its assessment of the transaction price which may also include variable consideration pertaining to additional claims raised by the Company. The management is also required to exercise judgement to assess the completeness and accuracy of forecasted costs to complete. Changes in these estimates as contracts progress can result in material adjustments to revenue and margins. Considering high estimation uncertainty, complexities involved and material impact on the financial statement, this area has been considered a key audit matter in the current year audit.	Our audit procedures to address this key audit matter included, but were not limited to the following: 1. Obtained an understanding of the Company's revenue recognition processes and evaluated the appropriateness of the Company's accounting policy for revenue recognition in accordance with Ind AS 115 – Revenue from contracts with customers. 2. Tested the design, implementation and operating effectiveness of key internal financial controls, including those related to estimation of construction contract costs, contract revenue and review and approval thereof. 3. For selected sample of contracts with customers, performed the following procedures: a) Tested the calculation of percentage of completion as per input method adopted by the Management including the testing of costs incurred and recorded against the contracts. b) Evaluated the reasonableness of key assumptions included in the estimated total construction contract costs by performing retrospective review of Management's forecasting process by reviewing past trends of estimated costs to actual costs over time, discussed variances with project teams. 4. Assessed whether the adequacy of presentation and related disclosures in the consolidated financial statements are in line with the Indian accounting standards and Schedule III.

In connection with our audit of the consolidated financial statements, our responsibility is to read the

other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Management report, Directors' report along with annexures, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the preparation and presentation of

these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Management and Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Consolidated Financial Statements.

Other Matters:

The consolidated financial statements include the financial statements/information of 4 joint operations which are not subject to audit whose financial statements/ information reflect total revenue of Rs. 60.46 lakhs, total net loss after tax of Rs. (137.34) lakhs and total comprehensive loss of (137.34) lakhs for the year ended March 31, 2026 as considered in the consolidated financial statements. These financial statements/ information have been furnished to us by the Management and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of these joint operations is based solely on such management prepared unaudited financial statements/ information. According to the information and explanations given to us by the Management, the financial statements/ information of these joint operations are not material to the Company.

Our opinion on the consolidated financial statements is not modified in respect of the above matter in so far as our reliance on the financial statements/ information certified by the management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 - (a) We have sought and except for the matters described in the Basis for Qualified Opinion section above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) Except for the possible effects of the matters described in the Basis for Qualified Opinion section above, in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, except that back-up of the books of account and other books and papers

maintained in electronic mode has not been kept in servers physically located in India on a daily basis since such backups are not taken on Sundays and, except for the matters stated in the paragraph 1(i)(vi) below on reporting under rule 11(g).

- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) Except for the possible effects of the matters described in Basis for Qualified Opinion section above, in our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- (e) The matter described in Basis for Qualified Opinion section of our report, in our opinion, may have an adverse effect on the functioning of the Group.
- (f) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2026 taken on record by the Board of Directors of the Holding Company, none of the directors of the Holding companies, are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) The qualification matters relating to the maintenance of accounts and other matters connected therewith are as stated in Basis for Qualified Opinion section and paragraph 1(b) above and paragraph 1(i)(vi) below on reporting under Rule 11(g).
- (h) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. Except for the possible effects of the matters described in Basis for Qualified Opinion section above, the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note 57 to the consolidated financial statements.
- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Holding Company during the year ended March 31, 2026.
- iv. a. The respective Managements of the Holding Company whose financial statements have been audited under the Act have represented to us, to the best of their knowledge and belief, as disclosed in the note 65 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b. The respective Managements of the Holding Company which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, as disclosed in the note 65 to

consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- v. The Holding Company has neither declared nor paid any dividend during the year.
- vi. Based on our examination which included test checks, the Holding Company

has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level in respect of the accounting software to log any direct data changes.

Further, where enabled, audit trail feature has been operated for all relevant transactions recorded in the accounting software. Also, during the course of our audit, we did not come across any instance of audit trail feature being tampered with in respect of such accounting software. Additionally, the audit trail of prior years has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in respective years.

- 2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, to be included in the Auditor's report, according to the information and explanations given to us, based on the CARO report issued by us, we report that there are no qualifications or adverse remarks in the CARO report of the Holding Company except for the following:

Sr. No	Name of the Company	CIN	Type of Company (Holding / Subsidiary/ Associate/ Joint venture(s))	Clause number of the CARO Report which is qualified or Adverse
1.	SEPC Limited	L74210TN2000PLC045167	Holding company	Clause (ix)(a)

- 3. In our opinion, according to information, explanations given to us, the remuneration paid by the Holding Company to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the rules thereunder.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF THE SEPC LIMITED

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SEPC LIMITED

[Referred to in paragraph 1(h) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the Members of SEPC Limited on the Consolidated Financial Statements for the year ended March 31, 2026]

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Qualified Opinion

In conjunction with our audit of the consolidated financial statements of the SEPC Limited (hereinafter referred to as "the Holding Company") as of and for the year ended March 31, 2026, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and joint operations, which are companies incorporated in India, as of that date.

Reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is not applicable to subsidiaries, which are companies incorporated outside India and pursuant to MCA notification GSR 583(E) dated June 13, 2017.

In our opinion, and to the best of our information and according to the explanations given to us, except for the possible effects of the material weaknesses described in the Basis for Qualified Opinion section below on the achievement of the objectives of the control criteria, the Group which are companies incorporated in India have maintained, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the internal financial controls with reference to financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

We have considered the material weaknesses identified and reported below in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2026 consolidated financial statements of the Group, and these material weaknesses have affected our opinion on the consolidated financial statements of the Group, and we have issued a qualified opinion on the consolidated financial statements.

Basis for Qualified Opinion

According to the information and explanations given to us and based on our audit and as explained in the Basis for Qualified Opinion section in our report on the consolidated financial statements, the following material weaknesses have been identified as at March 31, 2026:

- a) Provisioning of expected credit loss against the non current contract assets and non-current trade receivables which are outstanding for a substantial period of time, and which could potentially result in the Company not recognizing a provision against the said assets.
- b) Assessment of future taxable profits which could result in recognition of excess deferred tax asset which the Company may not be able to utilize for set-off against sufficient future taxable profits.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Management's and Board of Director's Responsibilities for Internal Financial Controls

The respective Management and the Board of Directors of the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial

controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Group, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls with reference to consolidated financial statements of the Group, which are companies incorporated in India.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

2 Material accounting policies

Material accounting policies adopted by the company are as under:

2.1 Basis of Preparation of Financial Statements

The financial statements have been prepared using material accounting policies and measurement basis summarised below. These were used throughout all periods presented in the financial statements

(a) Statement of Compliance with Ind AS

The Company's financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards). Rules,

2015 and amendments thereof issued by Ministry of Corporate Affairs in exercise of the powers conferred by section 133 of the Companies Act, 2013. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment. These financial statements have been approved for issue by the Board of Directors at its meeting held on May 25, 2026.

(b) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except certain financial

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

assets and liabilities measured at fair value (Refer Accounting Policy No. 2.9 on financial instruments).

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. The normal operating cycle of the entity for Construction contracts is the duration of 2 to 3 years depending on each contract.

(c) Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees in Lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimal places.

(d) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and

disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates include useful lives of property, plant and equipment & intangible assets, allowance for expected credit loss, future obligations in respect of retirement benefit plans, expected cost of completion of contracts, fair value measurement, etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known. Refer Note 3 for detailed discussion on estimates and judgments.

(e) Interests in Joint Operations

When the Company has joint control of the arrangement based on contractually determined right to the assets and obligations for liabilities, it recognises such interests as joint operations. Joint control exists when the decisions about the relevant activities require unanimous consent of the parties sharing the control. In respect of its interests in joint operations, the Company recognises its share in assets, liabilities, income and expenses line-by-line in the standalone financial statements of the entity which is party to such joint arrangement which then becomes part of the consolidated financial statements of the Group when the financial statements of the Holding Company and its subsidiaries are combined for consolidation.

(f) Principles of Consolidation:

Subsidiaries

Subsidiaries are all entities that are controlled by the Company. Control

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

exists when the Company is exposed to, or has rights, to variable returns from its involvement with the entity, and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases. The financial statements of the Company and its subsidiaries and jointly controlled entity have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances as mentioned in those policies. Upon loss of control, the Group derecognizes the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary."

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated in full while preparing these consolidated financial statements. Unrealized gains or losses arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Company's interest in the investee.

Non-controlling interests ("NCI")

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

2.2 Fair value measurement

The Company maintains accounts on accrual basis following the historical cost convention,

except for certain financial instruments that are measured at fair value in accordance with Ind AS. The carrying value of all the items of property, plant and equipment as on date of transition is considered as the deemed cost.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Company's management determines the policies and procedures for fair value measurement.

Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date;
- Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the valuation of assets/liabilities

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

2.3 Revenue Recognition

- A. The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised good or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring good or service to a customer excluding amounts collected on behalf of a third party. Variable consideration is estimated using the expected value method or most likely amount as appropriate in a given circumstance. Payment terms agreed with a customer are as per business practice and there is no financing component involved in the transaction price. Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in Statement of Profit and Loss immediately in the period in which such costs are incurred. Incremental costs of obtaining a contract, if any, and costs incurred to fulfil a contract are amortised over the period of execution of the contract in proportion to the progress measured in terms of a proportion of actual cost incurred to-date, to the

total estimated cost attributable to the performance obligation.

Significant judgments are used in:

1. Determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.
 2. Determining the expected losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date."
- B. Revenue from construction contracts/project related activity and contracts for supply/commissioning of complex plant and equipment is recognised as follows:

Fixed price contracts: Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable the such cost will be recoverable . When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to date , to the total estimated contracts cost.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- (i) The amount of revenue can be measured reliably;
- (ii) It is probable that the economic benefits associated with the contract will flow to the company;

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

- (iii) The stage of completion of the contract at the end of the reporting period can be measured reliably; and
- (iv) The costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the customer are disclosed in the Balance sheet as trade receivables. The amount of retention money due from customers within the next twelve months are classified under other current assets as Trade Receivable.

Revenue from contracts from rendering engineering design services and other services which are directly related to construction of an asset is recognised on the same basis as stated in (B) above.

Other Income

Interest Income is recognised on a basis of effective interest method as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

Dividend income is accounted in the period in which the right to receive the same is established.

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

2.4 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(a) Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

The company has not opted to exercise the option under section 115BAA of the income tax 1961, as introduced by the taxation laws (Amendment) ordinance, 2019 and decided to continue with the existing rate of tax for the purpose of deferred tax computation.

(b) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.5 Exceptional items

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the company is treated as an exceptional item and the same is disclosed in the notes to accounts.

2.6 Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after

the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash in flows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.7 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date. Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognised and measured as a provision.

2.8 Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) estimated amount of contracts remaining to be executed on capital account and not provided for;
- b) uncalled liability on shares and other investments partly paid;
- c) funding related commitment to subsidiary, associate and joint venture companies; and
- d) other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

2.9 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

The company has currently exercised the irrevocable option to present in Other comprehensive Income, subsequent changes in the Fair value of Equity Instruments. Such an

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

election has been made on instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

(iii) Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost and FVOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet, ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

(iv) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized."

(b) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

(c) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability

simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

3 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

4 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Taxes

The extent to which deferred tax assets can be recognized is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carryforwards can be utilized. In addition, significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

(b) Construction Contracts

Recognizing construction contract revenue requires significant judgement in determining actual work performed and the estimated costs to complete the work, provision for rectification costs, variation claims etc

- (c) In assessing the recoverability of the trade receivables and contracts assets, management's judgement involves consideration of ageing status, evaluation of litigations and the likelihood of collection based on the terms of the contract

5 Standards (including amendments) issued but not yet effective

Recent Indian Accounting Standards (Ind AS)

The Ministry of corporate Affairs ("MCA") notified amendments on 7 May 2025 and 13 August 2025 under the Companies (Indian Accounting Standards) Amendment Rules, 2025 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which is effective from annual reporting periods beginning on or after 1 April 2025.

(a) Amendment to Ind AS 7 and Ind AS 107 - Supplier Finance Arrangement:

The amendments to Ind AS 7 'Statement of Cash Flows' and Ind AS 107 'Financial Instruments: Disclosures' clarify the characteristics of supplier finance arrangements and require additional disclosures for such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The group does not have any supplier finance arrangements during the reporting period."

- (b) Amendment to Ind AS 1 - Classification of liabilities as current or non-current and non-current liabilities with covenants:

The amendment specifies the requirements for classifying liabilities as current or non-

current in the balance sheet, and clarifies the following:

- An entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period. The classification of a liability as current or non-current is unaffected by the likelihood that the entity will exercise its right to defer settlement.
- If an entity's right to defer settlement of a liability is subject to covenants, such covenants affect whether that right exists at the end of the reporting period only if the entity is required to comply with the covenant on or before the end of the reporting period.
- In case of a liability that can be settled, at the option of the counterparty, by the transfer of the entity's own equity instruments, such settlement terms do not affect the classification of the liability as current or non-current only if the option is classified as an equity instrument.

These amendments have no effect on the measurement of any items in the consolidated financial statements of the Group. The Group did not make retrospective adjustments as a result of adopting the amendments to Ind AS 1

c) Amendment to Ind AS 12 - Pillar-Two Tax Reforms:

The Group is not within the scope of the OECD Pillar Two Model Rules, as Pillar Two legislation has not yet been enacted in any of the jurisdiction in which the Group operates.

d) Amendment to Ind AS 21-Lack of exchangeability

The Amendments introduces requirement to assess when a currency is exchangeable into another currency and when it is not. The amendment requires an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency. These amendments had no effect

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

on the consolidated financial statements of the group.

The below amendments are notified but not yet effective

Amendment to Ind AS 1 'Presentation of Financial Statements' - Classification of Liabilities as current or non-current and non-current liabilities with covenants:

The amendment includes specific provisions that will take effect for reporting periods beginning on or after 1 April 2026, retrospectively, as outlined below:

- a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified

as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach.

- b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment.
- c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements.

The Group does not expect this amendment to have an impact on its operations of consolidated financial statements.

(B) Defined benefit plans (Unfunded)

Risks associated with plan provisions

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such Company is exposed to various risks as follows:

Investment Risk	The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.
Interest risk	The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.
Salary Escalation Risk	The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Demographic Risk	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Group is exposed to the risk of actual experience turning out to be worse compared to the assumption.

In respect of the plan in India, the most recent actuarial valuation of the present value of the defined benefit obligation were carried out as at March 31, 2025 by Ms.V Subbulakshmi, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

No other post-retirement benefits are provided to these employees.

52 Financial risk management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings and financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's outstanding debt in local currency is on fixed rate basis and hence not subject to interest rate risk.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a different currency from the Company's functional currency).

The net exposure to foreign currency in respect of recognized financial assets, recognized financial liabilities and derivatives is as follows:

- a) Forward exchange contracts entered into by the Company and outstanding as on March 31, 2026 - Nil (March 31, 2025- Nil)
- b) Foreign Currency exposure

Foreign currency sensitivity analysis:

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's import payments and cost of borrowings.

The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents Management's assessment of the reasonably possible change in foreign exchange rates.

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments. The following table details the Company's sensitivity movement in the increase / decrease in foreign currencies exposures (net):

(B) Credit risk

The credit risk to the company arises from two sources:

- Customers, who default on their contractual obligations, thus resulting in financial loss to the Company

Company evaluates the credentials of a customer at a very early stage of the bid. Company has adopted a policy of 3 tier verification before participating for any bid. The first step of such verification includes

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

verification of customer credentials. The company, as part of verification of the customer credentials, ensures the compliance with the following criterion"

- (i) Customer's financial health by examining the audited financial statements
- (ii) Whether the Customer has achieved the financial closure for the work for which the company is bidding
- (iii) Where the customer is Public Sector Undertaking, sanction and availability of adequate financial resources for the proposed work.

Company makes provision on it's financial assets, on every reporting period, as per Expected Credit Loss Method. The provision is made separately for each financial assets of each business line. The percentage at which the provision is made, is determined on the basis of historical experience of such provisions, modified to the current and prospective business and customer profile.

Trade receivables consist of large number of customers, spread across diverse industries and geographical areas. Majority of the customers of the company comprise of Public Sector Undertakings, with whom the company does not perceive any credit risk. As regards the customers from private sector, company carries out financial evaluation on regular basis and provides for any amount perceived as non realisable, in the books of accounts."

- b) Non certification by the customers, either in part or in full, the works billed as per the contract, being non claimable cost as per the terms of the contract with the customer

Non certification of works billed The Company has contract claims from customers including costs on account of account of delays / changes in scope / design by them etc. which are at various stages of discussions / negotiations or under arbitrations. The realisability of these claims are estimated based on contractual terms, historical experience with similar claims as well as legal opinion obtained from internal and external experts, wherever necessary. Changes in facts of the case or the legal framework may impact realisability of these claims

The Company provides for doubtful receivables/advances and expected credit loss based on 12 months and lifetime expected credit loss basis for following financial assets:

(C) Liquidity risk

Company being an EPC contractor, has a constant liquidity pressures to meet the project requirements. These requirements are met by a balanced mix of borrowings and project cash flows. Cash flow forecast is made for all projects on monthly basis and the same are tracked for actual performance on daily basis. Shortfall in cash flows are matched through short term borrowings and other strategic financing means. The daily project requirements are met by allocating the daily aggregated cash flows among the projects. Company has established practice of prioritising the site level payments and regulatory payments above other requirements.

59 There are no transactions with vendors under the Micro, Small and Medium Enterprises Development Act, 2006, this has been determined on the basis of information available with the Company.

60 The Company, SEPC Limited ("the Company"), along with Twarit Consultancy Services Private Limited ("TCPL"), were the Respondents in an international arbitration proceeding initiated before the Singapore International Arbitration Centre (SIAC) by GPE (India) Limited, GPE JV1 Limited, and Gaja Trustee Company Private Limited (collectively referred to as "the Claimants"). The dispute arose in connection with the investments made by the Claimants in an associate company of SEPC.

Pursuant to the SIAC Award dated January 7, 2021, damages amounting to Rs.19,854.10 lakhs and SGD 372,754.79 towards arbitration expenses were awarded against the Respondents, along with simple interest at 7.25% per annum from July 21, 2017, until the date of payment. The Respondents' appeal before the High Court of the Republic of Singapore challenging the SIAC Award was dismissed, and the award was upheld in favour of the Claimants. Subsequently, upon a Recognition and Enforcement Petition filed by the Claimants, the Madras High Court recognised the foreign award, subject to obtaining prior approval from the Reserve Bank of India (RBI). Aggrieved by this order, the Claimants approached the Hon'ble Supreme Court of India seeking further directions. The Hon'ble Supreme Court, vide its order, directed the Respondents to pay a sum of Rs.12,500 lakhs along with interest at 7.25% per annum from January 7, 2021, until the date of payment. In accordance with the Inter-se Arrangement dated September 29, 2015, executed between SEPC, TCPL, and Shri Housing Private Limited, which provides for full indemnification of any liability arising out of suits, proceedings, disputes, or damages payable by SEPC, TCPL remitted the entire amount, including interest, aggregating to ₹16,450 lakhs. The Hon'ble Supreme Court, vide its order dated August 26, 2025 has disposed off the petition and concluded that there is no impediment in law insofar as enforcement of the SIAC Award is concerned and that the execution petition in Madras High Court shall be proceeded with.

Meanwhile, the lenders of the Company have filed an Impleading Petition before the Madras High Court seeking to be added as additional respondents, citing their prior charge over the assets of the Company. Further, Madras High Court vide their order dated February 19, 2026, passed an order of interim attachment of trade receivables to the tune of Rs. 15,463.23 lakhs (being the balance amount payable to claimants as per the Court Order). TCPL along with SEPC has filed separate petition in the Madras High Court where TCPL has committed to pay Rs. 250 Lakhs as initial amount and Rs. 750 Lakhs per quarter through an affidavit. The initial payment of Rs. 250 Lakhs has been paid on May 13, 2026, and the quarterly payments will commence from July 2026. Based on the affidavit filed by TCPL and their commitments to make the payments to Claimants through Madras High Court, the Company is of the view that no liability will arise out of this case.

2026 Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2026

(Amount in ₹ lakhs, unless otherwise stated)

Further based on the above affidavit the Hon'ble High Court in the hearing dated April 30, 2026 has given partial relief from attachment of trade receivables as follows:

The consortium of banks is permitted to appropriate a maximum sum of Rs.1,569 Lakhs (Rs.1,369 Lakhs towards bank dues and Rs. 200 Lakhs towards salary payments) from and out of amounts received in the Trust and Retention Account. The matter is currently listed for hearing on June 23, 2026. The Company is hopeful of removing this attachment. The management is confident that no financial or legal liability will devolve upon the Company, as the same is fully indemnified under the said Inter-se Arrangement."

61 Mokul Shriram EPC JV (JV Company) where SEPC Limited is a JV partner, has won the complaint against Export Credit Guarantee Corporation of India Limited (ECGC) before the National Consumer Disputes Redressal Commission, (NCDRC) New Delhi, in connection with the project executed in Basra, Iraq. NCDRC, vide their order dated January 27, 2021, allowed the claims and directed ECGC to pay a sum of Rs. 26,501 lakhs along with simple interest @ 10% pa. with effect from September 19, 2016 till the date of realisation to the JV Company within a period of three months from the date of order, failing which ECGC will be liable to pay compensation in the form of simple interest @ 12% pa. ECGC had filed an appeal against the order of NCDRC New Delhi, before Supreme Court, and the case is pending for disposal.

62 The Company has made net profit during the year ended March 31, 2026 amounting to Rs 5353.84 lakhs and as of that date has accumulated losses aggregating Rs. 2,05,479.65 Lakhs. Considering the positive developments of implementation of resolution plan approved in the previous year, completion of Rights issue, additional funding by Investor for working capital together with plans to meet financial obligations in future out of the cash flows from execution of the pipeline of orders in hand, business plans, sanctioned non-fund based facilities etc, these financial statements are prepared on a going concern basis.

63 On November 21, 2025, the Government of India has consolidated 29 existing labour legislations into a united framework comprising four Labour codes viz Code on wages 2019, Code on Social Security 2020, Industrial Relation Code 2020 and Occupational Safety, Health and Working Condition Code 2020 (collectively referred to as the New Labour Codes). The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations.

The Company is already in compliance with the basic wages criteria as prescribed under New Labour Codes for own employees and there is no material impact on the company. The Company is in the process of evaluating the possible impacts for contract workforce. However, the management is of the view that impact, if any, is unlikely to be material.

Once the Central/State Rules are notified by the Government on all aspects of the New Labour Codes, the Company will evaluate impact, if any, on the measurement of the employee benefits and would provide appropriate accounting effect on the basis of such development as needed.
